Overdrive Audiobook Instructions / Mobile

Apple devices: App menu = ☰ symbol.

Android devices: App menu =  symbol.

Searching for and downloading audiobooks:

1. Access your App Store, and find and download the Overdrive Media Console App for your device.
2. Hit "Add a Library" and find the library, then select "Upper Hudson Library System."
3. Click "Sign in" and enter your library card number.
4. Browse for available MP3 audiobooks (WMA is not an option for mobile devices). Items with a headphone symbol in the upper right corner of the cover are audiobooks.
5. Once you've found an item you'd like to check out, tap on item cover and tap "Borrow."
6. You may want to connect to wifi at this point so you do not use data on your cell phone.
7. Tap "Download."
8. This should start the download process. There will be a red number in a circle in the upper left corner of your screen. That represents the number of parts remaining for the download.
9. To listen to your title, select Bookshelf from your Overdrive App menu, then tap the title to listen.

Note: Keep in mind that you can browse and check items out using your home computer (visit digitalcollection.uhls.org). You can then go to your device and open your Overdrive App menu, tap Upper Hudson Library System, then sign into your account to download what you have checked out.

How to return titles early:

1. Access your Overdrive App menu and tap "Bookshelf."
2. Press and hold over the cover until a menu appears.
3. Select "Return."
